NEW ENHANCED
TIRE DESIGN

WB100B

WB200B

Rugged Design...

- One-piece fully-welded frame.
- Large 1.5 cu. ft. polymer hopper.
- Cap.: 100 lbs. of bagged salt, sand, or other free flowing materials.
- Large 13" pneumatic tires.
- Large flow regulator offers ease of operation.
- Solid control linkage eliminates sticking and stretched cables.
- 3-flap adjustable poly deflector controls spread pattern (ideal for sidewalks, near sensitive foliage, etc.).
- Additional fixed rear deflector protects operator's feet.

- Ergonomic handle.
- Expanded metal hopper screen helps prevent material jamming.
- Includes a durable, double-stitched plastic rain cover to protect from moisture and spillage.
- Heavy-duty stainless steel gears for added strength.
- Individually boxed for retail display.
- **Improved** restrictor plate design for durability.

Buyers Products Company reserves the right to change material, dimension and/or component specifications without notice.

...Smooth Operation.
